Subject: D.T.E. 06-40 - NSTAR Electric Merger Petition - Procedural Notice: Witness Schedule and Exhibit List

To D.T.E. 06-40 Service List:

Hearings are scheduled for the above-referenced proceeding for the week of August 14, 2006. The witness schedule is as follows:

Christine Vaughan - Monday to Wednesday, August 14-16, 2006.

Ms. Vaughan will be available on Thursday, August 17, 2006, if needed.

Henry LaMontagne (rate design) - Tuesday, August 15, 2006.

The Department has requested that NSTAR Electric make John Spanos available for cross-examination on NSTAR Electric's depreciation proposal. Mr. Spanos is available Wednesday, August 23, 2006, and therefore the Department is adding August 23, 2006 as an additional hearing day for cross-examination on depreciation issues.

All hearings days will begin at 10:00 a.m. Hearings will be held in Hearing Room A at the Department's offices.

NSTAR Electric has informed me that it plans to premark all discovery responses as exhibits in this proceeding.

Please provide estimated cross-examination time for each of the witnesses by Wednesday, August 9, 2006, 5:00 p.m. In addition, please provide a proposed exhibit list for any exhibits not included in NSTAR Electric's initial filing of responses to information requests by Wednesday.

Joan Foster Evans
